

**REMARKS**

Applicants have amended claims 3 and 5-6, and the drawings of the present Application. The proposed amendments correct typographical and/or grammatical errors, delete redundancies in the claims due to the addition of claim 2 into claim 1, and place the Application in better form for issuance. As such, the proposed amendments are merely formal in nature, do not introduce new matter, and do not affect the scope of the claims. Therefore, the proposed amendments are permissible under 37 C.F.R. 1.312. Accordingly, approval and entry of this amendment is respectfully requested.

Should the Examiner be of the opinion that further clarification is necessary, or that outstanding issues exist, the Examiner is invited to contact the undersigned attorney.

Respectfully submitted,
